## Key Pro M8 Update Token Instructions / Manual

Step 1, send us the M8 serial number, within 24 hours, we will notify you when you can update token.

Step 2, connect your computer to network, and then use the USB cable to connect the M8 and the computer.

Step 3, plug the power supply cable into the M8, and then turn on M8 till the following window appears.

Step 4, the window "Found New Hardware Wizard" popup, tick off "Install from a list or specific location (Advanced)", and then click "Next".

Step 5, tick off "Search for the best driver in these locations" and "Include this location in the search", and then click "Browse" to choose the installation location.

und New Hardware Wizard
Please choose your search and installation options.
Search for the best driver in these locations.
Use the check boxes below to limit or expand the default search, which includes local paths and removable media. The best driver found will be installed.
Search removable media (floppy, CD-ROM)
Include this location in the search
D:\Documents and Settings
O Don't search. I will choose the driver to install.
Choose this option to select the device driver from a list. Windows does not guarantee the the driver you choose will be the best match for your hardware.
< <u>Back</u> <u>Next</u> Cancel

Step 6, after click "Browse", choose the driver location: browse for

Folder-Desktop-The key pro (M8) driver-OK.

Browse For Folder	? 🗙
Select the folder that contains drivers for your hard	iware.
<ul> <li>Desktop</li> <li>My Documents</li> <li>My Computer</li> <li>My Network Places</li> <li>New Folder</li> <li>The key pro(M8) driver</li> <li>anidov</li> <li>i386</li> </ul>	
To view any subfolders, click a plus sign above.	ancel

Step 7, click "Continue Anyway".

Har dwar	re Installation
1	The software you are installing for this hardware: The key Pro has not passed Windows Logo testing to verify its compatibility with Windows XP. ( <u>Tell me why this testing is important.</u> ) <b>Continuing your installation of this software may impair</b> or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing.
	Continue Anyway

Step 8, please wait while the wizard installs the software...
