| AK / Function	AK-500	AK-400
Communications port	USB（2.0）	Serial port
Mercedes-Benz	Support W140/W203/W204/W208/W209/W210/W211/W211**Keyless go** /W215/W219/W220/W220 **Keyless go** /W230/	Support W203/W208/W209/W210W215/W220/
BMW	Support for the new old 1/3/5/7/8/Z/M/ MPC（MPC555/556，MPC561/562，MPC563/564），external Flash（MB58BW016，29BL802C，AM29BDD160，S29CD016，DE28F800 etc.）and external EEPROM（M95xxx）. An advanced tool of car ECU repair and programming, odometer adjustment and key programming as well.	Support new 1/3/5/7 / key match

Audi	Support	Do not support
	MPC(MPC555/556, MPC561/562, MPC563/564), external Flash(MB58BW016, 29BL802C, AM29BDD160, S29CD016, DE28F800 etc.) and external EEPROM(M95xxx). An advanced tool of car ECU repair and programming, odometer adjustment and key programming as well.	
VW	Support	Do not support
	MPC(MPC555/556, MPC561/562, MPC563/564), external Flash(MB58BW016, 29BL802C, AM29BDD160, S29CD016, DE28F800 etc.) and external EEPROM(M95xxx). An advanced tool of car ECU repair and programming, odometer adjustment and key programming as well.	

Special features	Match and support function "Keyless Go" of Benz Infrared Key;	Do not support
	Support Benz Infrared keys lock and unlock for EIS+ESL+ESM , the leading technology all over the world;	Do not support
	Support Directly reading EEPROM for BENZ DAS(1995-1998)via OBD, can to unlock DAS when you lost all keys and DAS is locked;	Do not support
	Read and write the ESL of E/Class and C/Class via K_line, no need remove ESL;	Do not support
	Support Benz ECU's flash(29F400 and 29F800) and generate key data directly, no need Renew Flash and Programming ECU, the leading technology all over the world;	Do not support

	(1) Benz(R or W220) shift module ISM and 722.9 gearbox ECU drive authority; (2) upgrade ESM read and write EEPROM.	Do not support
