

# How to use Tech 2 to clear Theftlock on 2011 Chevrolet

Received my clone [Tech2 scanner](#) so was finally able to clear Theftlock on my replacement OEM Bose navigation head unit I swapped out when the screen failed on the one in my 2011 GrandSport.

The following are screen shots from the [Tech 2](#) showing how to remove the Theftlock code and relearn the VIN on the replacement radio.

It's Tech2 software version 33.004
